8. "That it shall be lawful for the school authority at any time if satisfied on medical evidence that the said teacher is unfit and is likely for a considerable period to continue unfit by reasons of ill-health for the discharge of his duties as such teacher to determine his service under these presents on paying him three months' salary less any amount which may have been paid him as leave allowance after the date of his last appearance in the school for the regular discharge of his duties as teacher (the decision of the school authority as to the unfitness of the teacher being final and conclusive) and thereupon his service shall absolutely cease and determine."

(Judicial).

Delhi, the 19th December 1924.

No. 1880.—In the matter of the Charitable Endowments Act VI of 1890, and in the matter of Silver Wedding Fund.

Whereas the Fund known as the Silver Wedding Fund (hereinafter called the said Fund) subscribed as an offering to Her Majesty the Queen-Empress as a token of loyalty and affection on the occasion of the 25th Anniversary of Their Imperial Majesties' Wedding was at the request of Her Majesty vested in the Treasurer of Charitable Endowments for the Punjab (by Notification No. 3152 published in Part I of the *Gazette of India*, dated the 25th October 1919), for the purposes therein mentioned.

And whereas by Notification No. 965, published in Part I of the *Gazette of India*, dated the 2nd August 1924, the said Fund as it then existed was transferred to the Treasurer of Charitable Endowments for Bengal for the purposes aforesaid.

And whereas it being found that the said Fund is greater than is required for the purposes set out in

the said Notification No. 3152, dated the 25th October 1919, Her Majesty the Queen-Empress graciously intimated her willingness that, subject to the sanction of the Court being obtained, the purposes for which the said Fund should be applied be extended so as to include the purposes set out in the following recital.

And whereas in a suit in the High Court of Judicature at Fort William in Bengal No. 2267 of 1924, intituled Advocate-General of Bengal and another *v.* Captain S. And it was ordered and decreed that the defendants, the Administrators of the said Fund, give effect to the objects of the said trust in the manner hereinbefore declared and apply the said Fund towards assisting those who come under the said objects as extended by the said decree, and the Administrators of the Fund have accordingly applied to the Governor-General in Council to amend the said Notifications Nos. 3152 and 965.

And whereas the said Fund now comprises the securities and cash specified in Schedule "A".

Now in pursuance and exercise of the powers conferred by and by virtue of sections 4 and 7 of the Charitable Endowments Act, 1890, and any other powers thereto enabling, in supersession of the said Notification No. 3152, dated the 25th October 1919, and Notification No. 965, dated 2nd August 1924, it is hereby ordered by the Governor-General in Council that the said Fund, which is now vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal under Notification No. 965, dated the 2nd August 1924, on the terms therein mentioned shall now be vested upon the following terms, that is to say, that the said Fund and the income thereof shall be devoted to and applied for the education and assistance of children and dependants of Indian officers and soldiers (including non combatants) who rendered military service under the Crown during the Great War or who took part or may hereafter take part in subsequent warlike operations in accordance with the Scheme settled by the Governor-General in Council on the application of the Administrators under powers conferred by sections 4 and 7 of the said Charitable Endowments Act, a copy of which is set forth in Schedule "B" hereto.

RULES AND DIRECTIONS FOR THE ADMISSION OF HOLDERS OF EUROPEAN SCHOOL-LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY.

I. Admission of holders of European School-Leaving Certificates to University courses of study in the academic year 1930-31 and subsequent years shall be made only in accordance with the following rules and directions.

II. Such holders only of completed European School-Leaving Certificates as have been declared eligible may be admitted to University courses of study, and registered as matriculates under Regulation 1 of Chapter XXXI.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *Fort St. George Gazette*, and a copy of this list will be furnished to each Principal of a Constituent or Affiliated College. A certificate holder not included in the list will not be entitled to registration as a matriculate under Regulation 1 of Chapter XXXI.

IV. Holders of completed European School-Leaving Certificates shall be eligible for admission to University courses who secure at the European High School Examination the following marks reduced to percentages :—

Group A.

English	..	..	..	40
Mathematics	..	..	..	35
Languages	..	..	..	35

Group B.

Thirty-five marks in each of two subjects one of which must be Algebra or Geometry or Physics or Chemistry or Botany or History or Geography, subject to the following proviso :—

A candidate who secures in the aggregate 185 marks in the five subjects but fails by a deficiency of not more than one mark in each of two subjects not of the same group shall be eligible.

V. The list published annually in the *Fort St. George Gazette*, will contain the names of all certificate-holders found to be eligible for admission to University courses of study in Constituent or Affiliated Colleges under the rules and directions issued from time to time. It is, however, to be clearly understood that inclusion in the list confers on no certificate-holder the right of admission to any Constituent or Affiliated College. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may select and are moreover required strictly to confine admission to such eligible certificate-holders as, judged by their certificates, may be expected to profit by the particular course of study upon which they propose to enter in the college selected.

VI. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to appear again at the Public Examination in all the five subjects and his eligibility for admission will be determined according to the preceding rules.

VII. Certificates once scrutinized, the holders of which were found to be ineligible under the rules in force at the time of scrutiny, will not be reconsidered.

Senate House, Madras,

REVISED NOTIFICATION.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1930.

Candidates for University Examinations are required to observe the following instructions very carefully —

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers, should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of *at* least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so, their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, manuscript, or paper of any description, from communicating with or copying from each other, and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be sent out of the room forthwith, and his conduct will be reported to the Registrar. The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering under the New Regulations of the Intermediate Examination and to those taking groups (i) and (ii) of the Intermediate (Old Regulations) and B.A., B.Sc. (Ag.), B.Sc, Part II, B.A. (Honours) Branches I and II, and M.A. Branch I, Pre-registration and B.Sc, Degree examinations only—

An 'earnest' fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by each student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of each book is 7 annas.

9. Candidates for the B.A. Degree Examination under Groups (ii-A), (ii-B) and (iii) are required to submit their laboratory note-books both in the main and the subsidiary subjects to the Examiners concerned on the first day of the practical examination, and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. As soon as candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination each should stand up in his place and remain standing until one of the Superintendents has gone up to him and has received his answer book from him.

Where the halls are suitable the following alternative procedure may be adopted:—At the end of the period prescribed for each particular part of the examination the candidates should at once fold their answer books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed at positions from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out, the Superintendents will collect the answer books.

13. Communications to the Registrar from candidates requesting information relating to the results of examinations will not receive attention until after the publication of the results in the *Fort St. George Gazette*.

14. All candidates must obtain their hall tickets from the Chief Superintendents of the respective centres at which they are to be examined, three days before the commencement of the Examination. Information as to the places of Examination where the candidates are to be examined in Madras will be duly notified at the Senate House and in the local dailies.

15. *No college student will be allowed to select a centre for his examination other than that to which the College, he studies, is situated, except for satisfactory reasons and on the recommendation of the Principal of his College.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres.*

NOTIFICATION.

The Higher Elementary Teacher's Certificate No. 24729/22 of S. Dorniswami Pillai, Headmaster, Board Elementary School, Mudigolam (Chittoor taluk), has been suspended in Proceedings Dis. No. 458/1930, dated 27th January 1930, of the Director of Public Instruction, Madras, for a period of three years for the following reasons :—

(1) that he wrote a petition forging the name of another with the malignus intention of damaging the Deputy Inspector by making false allegation of a highly damaging character against the conduct of the officer;

(2) that he, by false representation, obtained the admission of his nephew of Standard 5 of his school into Standard 5 of another Board Higher Elementary school;

(3) that another ex-student of his school was at the same time admitted into Standard 8 on the misrepresentation that he had studied for two years privately whereas he had left with a 'good' Elementary School-Leaving Certificate on 31st October 1928.

He is consequently unfit to be a teacher in any recognized school for three years.

C. RANSFORD,
District Educational Officer.

Chittoor, 1st February 1930.

GOVERNMENT TRAINING SCHOOL, CHINGLEPUT.

The District Educational Officer, Chingleput district, hereby notifies for the information of the Deputy Inspectors of Schools and Managers of Schools in the Chingleput district that in July next about forty students for the higher elementary training course and about forty for the lower will be admitted in the Government Training School, Chingleput.

2. All applications for training should reach the Deputy Inspectors of Schools of the range concerned not later than 1st April 1930. Application forms may be had from these officers.

Teachers in Muhammadan schools should submit their applications to the Deputy Inspector of Schools of the Madras Muhammadan Range and not to the local range officer.

3. Lower Elementary training is reserved only for depressed classes (including Adi Dravida Christians) and for ex-students of the Sessional school. Teachers who do not fall within these two categories need not apply.

4. Deputy Inspectors in submitting their lists of recommendations will arrange the names according to the qualifications and efficiency of the teachers. Deputy Inspectors may make their own arrangements in regard to testing teachers if necessary. Information should be given in regard to qualifications, caste, age and service of each teacher. Selected candidates should present themselves at the training school on the prescribed date when they will be tested by the Headmaster of the training school. The teachers finally selected after the test will be admitted for training.

5. In addition to provincial stipendiaries, candidates whose stipends are paid by local or municipal boards will be admitted for training, as also private candidates as free students. No provincial stipends will be sanctioned for teachers who hold permanent appointments in Board and Municipal schools, or who hold sub *pro tem.* appointments in permanent vacancies or who have been given provincial appointments by presidents of local boards who employ them. In the case of these teachers, clear information should be given in the application regarding the nature of the appointment held by them (permanent, temporary, sub, pro tem. or acting as the case may be) and whether the presidents of the local boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should invariably be signed by the presidents concerned.

6. Only those candidates who have passed the annual examination of the third form or have been awarded an elementary School-Leaving Certificate of the eighth standard grade are eligible for admission to the elementary higher class and only teachers belonging to the depressed classes who have passed the late Primary School examination or a corresponding Public or school examination or whose attainments in the opinion of the Deputy Inspectors of Schools are not lower than these and Sessional school certificate holders are eligible for admission to the elementary lower class. The certificates of general education should be sent in original with the applications by registered post. The certificates of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by Deputy Inspectors and managers of recognized schools. Applications which are sent without the original general education certificates and provisional appointment certificates or without countersignature of the Deputy Inspector of Schools and of the manager of a recognized school will be rejected.

7. Applications from teachers employed outside the district must come through the District Educational Officer or Inspectress concerned.

8. Applicants from this district for training outside the district are requested to submit the applications through the Deputy Inspectors concerned before the 5th April 1930.

9. There is a hostel attached to the training school. Such of the students as do not live with their families or with relations in Chingleput or within a radius of five miles of that town will be required to become members of the hostel.

10. The candidates selected for training will enter into the usual bond with the Government and will also give an undertaking that they will not enter into any other avocation or prepare for any literary or technical examination during the course of training.

G. L. LORD,
District Educational Officer.

Chingleput, 3rd February 1930.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

No. 1.—The following notification is issued in supersession of Notification No. 9, dated 26th January 1929, published in the *Fort St. George Gazette*, Part II, dated 29th January 1929

In exercise of the power conferred on him under section 4 (*p*) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licences on fixed fees for the compounding, blending, bottling and sale of potable foreign liquors, locally-made foreign liquors and coconut toddy arrack from and after the 1st April 1930 within the limits of the Madras Presidency :—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain rectified spirits imported or locally-made and on which the tariff

rate of duty has been paid; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but excludes locally-made foreign liquor, denatured spirits, coconut toddy arrack and ordinary arrack. In the case of licensees to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term 'foreign liquor' means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty.

'Locally-made foreign liquor' is spirit manufactured or compounded in British India and made to colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries. It is excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

'Coconut toddy arrack' is spirit manufactured from toddy at the Chowghat distillery in Malabar and excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

NOTE.—(1) The minimum strength at which imported and locally-made foreign spirits can be sold are 35° U.P. for gin, 30° U.P. for Columbo arrack and coconut toddy arrack and 25° U.P. for all other kinds of spirits including Italian arrack, except denatured spirits.

(2) Holders of foreign liquor licences should not dispose of any liquor imported by them and cleared from the Customs House on payment of provisional duty before acquainting themselves with the true strength of the liquor and satisfying themselves that it is not below the minimum saleable strength. If on test at the Commissioner's Laboratory it is found that any such liquor is below the minimum saleable strength and has been sold, the excise rules will be rigidly enforced against both licensees.

(3) Holders of foreign liquor licences should send samples of liquors of foreign origin, imported by them from other provinces, for test in the Commissioner's Laboratory and should not sell them until the result of the test is made known.

(4) 'Rectified spirits' includes 'absolute alcohol'.

'Indian' beer is beer brewed in India (*a*) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (*b*) which is brewed at a higher original gravity than 1,058° on a standard saccharometer and (*c*) the maximum price of which at the brewery is Rs. 40 * per hogshead *plus* the excise duty in force at the time of issue.

2. Licences for the sale of foreign liquors, locally-made foreign liquors and coconut toddy arrack shall be of the following descriptions:—

I. *F.L.-1. Wholesale licences for the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack, not to be drunk on the premises*.—These will be issued on an annual fee of Rs. 1,000 in Madras and Rs. 250 in other districts at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this licence will not be allowed to sell 'Indian' beer. Holders of this license are prohibited from selling coconut toddy arrack in bulk to private persons in Malabar district and are permitted to sell it to such persons only in bottles, sealed and labelled in accordance with the bottling rules (*a*).

II. *F.L.-2* and *F.L.-4. Retail licences for the sale of foreign liquor, locally made foreign liquor and coconut toddy arrack, not to be drunk on the premises* (*a*).—These will be of two kinds—one (F.L. 2) for the sale of all kinds of foreign liquor except 'Indian' beer and of locally-made foreign liquor and coconut toddy arrack and the other (F.L. 4) for the sale of beer brewed in India.

(*a*) * The former will be issued at the discretion of the Commissioner and Collectors on payment of an annual fee of Rs. 1,000 in the Nilgiris except Gudalur, Rs. 750 in the town of Madras, and in Gudalur Rs. 300 in towns having a population of 25,000 and over and in Kodaikanal, Yercaud, Cochin and Ambasamudram and Rs. 200 in the rest of the Presidency *. Under these licences the sale of liquor in a quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(*b*) Retail licences (F.L. 4) for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *F.L.-7. Hotel licences for the supply of refreshments in hotels and boarding houses*.—These will be of two classes and subject to payment of an annual fee of Rs. 500 or Rs. 250 in Madras, of Rs. 100 or Rs. 50 in the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licenses otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

F.L. 8. In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a bar or bars may, on payment of a monthly fee of Rs. 100 for a first-class bar or Rs. 50 for a second-class bar, be granted a separate licence to be called a bar licence. This will cover the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack under the same conditions and to the same extent as the hotel's licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Commissioner. The fees in such cases will be fixed by the Commissioner and the licences will entitle the holders to sell to all comers.

IV. *F.L.-9* and *F.L.-10. Refreshment-room licenses* will be of two classes—

(*a*) *F.L.-9. For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dak carriage for the supply on the premises of travellers by such*

* The supply of Indian beer from Bangalore Brewery will be restricted to shops which have obtained beer from that brewery during 1922-23.

* NOTE.—In places where there are beer shops, holders of retail licences for the sale of all kinds of foreign liquor except Indian beer will be permitted to sell beer brewed in India on English principles only in bottles as bottled at the brewery at which it was brewed.

(*a*) Holders of F.L.-1 and F.L.-2 licences may stock and sell rectified spirit provided (1) that separate accounts are kept for transaction under that head, (2) that receptacles containing rectified spirits are labelled with labels showing the kind or description of spirit contained therein and the place of manufacture, (3) that consignments of rectified spirits imported from other provinces are not opened before they are verified by an Excise Officer, (4) that accounts are maintained in the prescribed form and show in the case of consignments of rectified spirit obtained from other provinces by Local, the source of supply route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally-made rectified spirit should be furnished.

railways or dak lines.—The annual fee payable for each licence will be fixed by the Commissioner from time to time. Under these licences liquor may be sold to *bona fide* travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment room may be sold at one time to any such traveller for removal from the premises.

(*b*) *F.L.*-10. *For refreshment-rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner.* The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Cuttacamund and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *F.L.*-11. *Occasional licences*, such as licences for the sale at refreshment stalls in connexion with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI. *Special licences* will also be granted by Collectors in consultation with the officers of the Excise department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII. *F.L.*-12. *Auctioneer's licences.*—Annual fee, Rs. 5. The following are important provisions of this licence:—

(*a*) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(*b*) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sale by auction of the property of private parties or estates or of trade consignments which are alleged or otherwise unmerchantable.

(*c*) Authority to sell by auction at place other than that specified in the licences, viz., at any private residence at which the licensee may hold an auction.

VIII. *F.L.*-13. *Licences for the sale of pure rectified spirits.*—These will be issued to chemists and druggists and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licences the possession of pure rectified spirits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Excise Department, specially authorize) is prohibited. Pure rectified spirits must not be sold under these licences for other than bona fide medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reputed pint in the case of sale to a private individual, two reputed quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government Local Fund or Municipal hospital. Receptacles containing rectified spirits should be labelled with a label showing the kind or description of spirit contained therein and the place of manufacture; consignments of rectified spirit imported from other provinces should not be opened before they are verified by an Excise Officer. Accounts should be maintained in the prescribed form and must show in the case of consignments of rectified spirits obtained from other provinces in India, the source of supply, route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally made rectified spirits should be furnished to Collectors.

IX. *F.L.*-17. *Licences for the sale of medicated wines and similar preparations* containing 20 per cent and upwards but not more than 42 per cent of proof spirit will be issued by Collectors on payment of an annual fee of Rs. 10.

3. *F.L.*-1. (*a*) *Licences for compounding* $\frac{\text{or}}{\text{and}}$ *blending foreign liquors* and *locally-made foreign liquors* will be granted to holders of wholesale licences by Collectors and licences for *compounding* to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 250.

4. *F.L.*-1. The contractor shall supply at such landing places within the limits of the factories as may be pointed out by the departmental officers sound and watertight open boats with suitable sails of not less than 12 tons and not more than 22 tons burden for the transport of salt from the factories to the Depot by the Buckingham Canal. But if boats of more than 22 tons burden are used by the contractor it shall be at his own risk. The contractor shall in no case be allowed to use boats of over 29 tons burden. He shall supply at any one time boats of an aggregate tonnage of not less than 1,200 and not more than 2,000. The department shall have the right of demanding a run of 2,000 tons daily and shall reserve the right to transport as much salt as is possible in conjunction with the transport contractor.

2. Each boat shall be floored or lined to the satisfaction of the Inspector, Madras Depot Circle, with enough planking of mango or other suitable wood well fixed with wooden pegs as to keep the salt loaded on the planking off the bottom of the boat and to prevent the salt being damaged by bilge water. The wooden floor shall be washed and cleaned before loading to prevent dirtying the salt. The boat shall be divided into two holds

or compartments with partitions made of similar planks, leaving a space between for fixing the mast and baling out water. The boat will be supplied by Government with gunny covers or tarpaulins or both to secure the salt from being tampered with and also to protect it from rain. Salt will be loaded in bulk in both the holds and will be covered with tarpaulins securely fastened with rope and lead seals. The department shall have the right to fix bolted rings to the boats if necessary to prevent tampering with salt.

3. The contractor should pay the wharfage fees due on all boats engaged in salt transport as in the case of private boats in addition to the licence fees. The boats supplied for salt transport should have been duly registered and licensed by the Public Works Department.

4. As soon as the loading of the salt in any boat is complete, the contractor or his agent will be required to examine the covering and the lead seals and after such examination to sign the boat notes in token of his responsibility for any deficiency discovered on delivery at the Depot, though with seals intact. He shall then take, propel and navigate the boats with the least possible delay and shall moor them at such landing places as may be pointed out by the departmental officers. He shall not, without the written permission of the departmental officers, allow any person to remain on board such boats during the voyage except the crews of the boats and such departmental servants as may be appointed to accompany them.

5. The boat shall be subject to inspection and rejection by the departmental officers and shall be provided with suitable sails and competent and adequate crews of not less than three able bodied men and one boy for each boat and shall be navigated and maintained in repair at the cost and risk of the contractor. He shall not permit boats laden or unladen to enter or to remain within the factory limits between sunset and sunrise, nor shall he permit the unloading of the boats at the Depot during the same period.

6. The contractor shall pay to Government for all salt lost, damaged or destroyed through the leakage or unseaworthiness of the boats at the rate of five and a half annas per maund and for salt short delivered through other causes at twice the rate of duty for the time being in force together with cost price at five and a half annas per maund. He shall also repay such sums as may be spent by the department on salvage of salt carried in boats which founder. The Collector shall reserve the right to deduct and retain all sums payable to the department under the agreement from sums due to the contractor. But the contractor shall not be responsible for any loss or expenditure which is proved not to have been due to any negligence or default on his part or on the part of his agents or servants or to any defect in the boats supplied by him.

7. The contractor shall not have pecuniary dealings of any kind whatever with any officer of the department.

8. He shall not assign or make over the contract directly or indirectly to any person or persons, nor permit any person or persons to interfere in the management or performance thereof without the permission of the Collector.

11. The contractor shall present to the Inspector of Salt Revenue, Madras Depot Circle, every fortnight work bills, and payments will be made within seven days of their receipt.

12. The weight of salt ascertained on storage at the Depot shall be taken to be the weight on which payment has to be made to the contractor and the weight of salt which has been lost, damaged, destroyed, stolen, short delivered or obstructed shall be decided by the Collector whose decision shall be final.

13. The contractor shall carry and convey from the Madras Depot to the factories and vice versa, and deliver safely, all Government articles or materials supplied to him from time to time by or under the direction of the departmental officers and all Government articles or materials supplied to him in connexion with the transport. He shall pay for all articles lost, damaged, or destroyed while thus in his care at such rate as may be fixed by the Collector.

14. In case of failure, neglect or refusal on the part of the contractor to observe, perform or fulfil all or any one or more or any part of one or more of the conditions, the Collector may cancel the agreement and make or enter into such other arrangement or contract as he may think fit. The contractor shall be answerable for any loss or damage so caused, but shall not be entitled to share in any savings below the rates payable to him under the agreement. The contract shall then be void and it shall be lawful for the Collector to sell and dispose of the deposits and recover the balance due from the contractor, his assigns, executors, representatives, or administrators. The Collector or the Assistant Commissioner acting on his behalf may, instead of cancelling the agreement and entering into another, undertake the work or any portion thereof himself and recover the cost of such execution from the contractor or fine the contractor any sum not exceeding Rs. 20 on each occasion. If the fine is not paid within seven days of its imposition, the Collector or the Assistant Commissioner may sell and dispose of the deposits to recover the fine. The Collector or the Assistant Commissioner may also levy a penalty not exceeding Rs. 20 for every day on which the total tonnage supplied falls short of the minimum prescribed in the agreement or such larger tonnage as is demanded by the department in accordance with the terms of the agreement or if the boats are in the officer's opinion unnecessarily delayed in transit.
